ABOUT ME

I am a front-end developer on a journey to build a career in the web world. I am passionate about applying my web development skills to real projects and contributing with my project management experience. I'm proactive and a quick learner, able to adapt to new technologies. Possessing strong organizational and time management skills, I'm used to prioritizing tasks to meet tight project deadlines. I enjoy teamwork but I am also capable of working independently.

STUDIES

Bootcamp Women in Tech Glovo & KeepCoding, Web specialization

(09/2022-02/2023)

- Python from Scratch
- HTML & CSS
- JavaScript from Scratch
- JavaScript in the Browser
